

Reaching Out – Partners Newsletter

Reaching Out is the official Partners Newsletter, published quarterly in **February, May, August, and November**. It provides members with updates and news from across the organization—covering activities and highlights at the **state, district, and local levels**.

Articles for *Reaching Out* should be submitted to **Newsletter Editor, Jan Molaska**, who reviews and edits the content and adds additional material as needed. Once finalized, articles are forwarded to **Shannon Nelson, Publications Manager at WHA**, who prepares the newsletter layout.

The completed newsletter is distributed via email to the **Partners membership list, WHA staff, hospital senior executives, and Directors of Volunteer Services**.
